President's Corner—by Wayne Elam

Gentleman, I trust everyone is doing well. Labor Day has past, and some deer hunting zones have opened for at least archery hunting. The rifle section has made some changes this year, effecting rifle sight-in days. Please look at their schedule, in the rifle section. We would not want you to blame your rifle zero, for not bringing home your prized buck.

I have a dilemma, I purchased two new rifles this past year, and I'm not sure which one to hunt with. One is a semi-auto Benelli, in 300 win. mag. The other is a Remington R-10, an AR platform, in .308, of

course. Then I have my Savage bolt action in 30-06. By the way, I drew zones D3-5. I really don't think I need the .300 win. mag. for anything in my zones. So it is between the .308 and the 30-06. I'm sure I will hear from many of you to give me your input, I'd love to hear from you.

All the current members have signed and returned the rights and responsibilities letter. I truly hope that everyone has read and understand, these are the rules of our club. In the past month your board and I have had to address a few violations of these rules. In one case a member may be losing his membership. These rules have been put in place by the specific shooting section and approved by your board. These rules are for your safety, and the safety of other people at and around our club. The safety at your club is discussed at every board meeting. If you see something unsafe, please bring it to the attention of the Range Safety Officer (RSO) or to any board member or myself. Until we talk again, Wayne J. Elam
